

Data Linkage expands the scope of cancer registries: a deeper insight in cancer screening evaluation and other linkage with secondary data sources.

preliminary PROGRAM **May 15th, 2024** **Workshop**

12:00 – 13:00	Welcome standing lunch – refreshments –
13:00 – 13:10	Welcoming words and housekeeping issues
13:10-14:10	<p>Session I: Screening</p> <p>Moderators: xx</p> <p>Keynote I: Dr André Carvalho (IARC, Lyon): “Cancer screening” (title to be confirmed).</p> <p>Keynote II: Jean-Luc Bulliard (Unisanté, Lausanne): “Roles and potentialities of cancer registries data in screening evaluation”.</p> <p>Q&A</p>
14:10-15:10	<p>Screening evaluation</p> <p>Abstract 1 Effectiveness of lung cancer screening using computed tomography: microsimulation modeling analysis in the French context</p> <p>Abstract 2 Early-Onset Colorectal Cancer in Belgium: Watchful Waiting</p> <p>Abstract 3 Uterine cervix incidence and survival trends in South Portugal between 1998 and 2022. Overview evaluation and comparison analysis.</p> <p>Q&A</p>
15:10 - 15:30	Coffee Break and posters visit
15:30 – 16:00	<p>Session II: Other data linkage</p> <p>Keynote III: Prof. Marcel Zwahlen (University of Bern). “Record linkage to enrich available data. Is it as easy as we tend to think?”</p> <p>Moderators: xx</p> <p>Q&A</p>
16:00-17:00	<p>Data linkage with other data sources (genomics, biobanks & socioeconomic)</p> <p>Abstract 1 Inequalities in cancer: linking population-based cancer registry data to individual-level socio- economic and -demographic parameters in Belgium</p> <p>Abstract 2 Return to work after breast cancer: the RELIANCE-Breast Cancer study</p>

	<p>Abstract 3</p> <p>Is hospital discharge database appropriated for collecting treatment information in a cancer registry? Exploratory study on childhood malignant astrocytomas</p> <p>Q&A</p>
17:00 -17:10	Closing Remarks
17:10	Departure to Olympic Museum
18:00-20:00	Welcome aperitif and free visit of the Olympic Museum

unisanté
Centre universitaire de médecine générale
et santé publique - Lausanne

15 - 17th May - Lausanne

GRELL 2024

48th Group for Cancer Epidemiology and Registration
in Latin Language Countries Annual Meeting

GRELL preliminary PROGRAM May 17th, 2024

08:00-08:45	Welcome coffee (coffee, tea, fruits, and croissants)
09:00-09:20	Opening words
09:20-10:20	<p>Session 1: Survival</p> <p>Moderators: xx</p> <p>Abstract 1: Estimating net survival and cure of patients with increased risk of death from other causes using EURO CARE-6 data</p> <p>Abstract 2: CONTRIBUTION OF TUMOUR STAGE AT DIAGNOSIS TO INTERNATIONAL VARIATION IN POPULATION-LEVEL OVERALL SURVIVAL: FIRST RESULTS OF THE BENCHISTA PROJECT</p> <p>Abstract 3: Social inequalities, geographical accessibility and excess mortality for patients with haematological malignancies in France results from French Cancer Registries</p> <p>Abstract 4: Global surveillance of cancer survival trends (CONCORD-4): future perspectives</p> <p>Q&A</p>
10:20-11:00	Coffee break and posters visit
11:00-12:00	<p>Session 2: Survival</p> <p>Moderators: xx</p> <p>Abstract 1: Determinants of breast cancer survival at the Instituto Cancerológico de Nariño-Colombia, 2016-2020</p>

	<p>Abstract 2: Five-year net survival of myeloid neoplasms: A population-based study in Spain (2002-2016)</p> <p>Abstract 3: Survival and recurrences of colon cancer in a population-based cohort study: role of sidedness of the primary tumor. Geneva, Switzerland</p> <p>Abstract 4: Dynamic of death hazard of breast cancer according to stage at diagnosis Q&A</p>
12:00-12:45	General Assembly of the GRELL
12:45-14:00	Standing lunch and posters visit
14:00-15:30	<p>Session 3: Social inequalities and Cancer Gender and Cancer</p> <p>Keynote speaker : Prof. Carole Clair, Unisanté, Lausanne</p> <p>Moderators: xx</p> <p>Q&A</p> <p>Abstract1: Describe the relationship between the Gender Inequality Index and the male/female incidence rate ratio from international cancer registries data.</p> <p>Abstract 2: Health-Related Quality of life in long-term survivors of Non-Hodgkin Lymphoma: A French population-based study</p> <p>Abstract 3 Socioeconomic deprivation and invasive breast cancer incidence by stage at diagnosis: a possible explanation to the breast cancer social paradox.</p> <p>Abstract 4: Socio-Economic Inequalities in Adherence to Clinical Practice Guidelines and Breast Cancer Survival in Spain Q&A</p>
15:30-16:00	Coffee break and posters visit
16:00-17:00	<p>Session 4: Epidemiological use of registry data</p> <p>Moderators: xx</p> <p>Abstract 1: Validation of Rectosigmoid junction tumors site registration in Tarragona Cancer Registry</p> <p>Abstract 2: Progression of bladder cancer: a population-based study in Tarragona, Spain</p> <p>Abstract 3: The risk of second primary cancer after a first primary cancer: a population-based study in Switzerland</p> <p>Abstract 4:</p>

<p>17:00-18:00</p>	<p>A MARTINIQUE-CUBA PILOT COMPARATIVE STUDY IN THE PROJECTIONS AND INDICATORS FOR CANCERS IN THE CARIBBEAN</p> <p>Q&A</p> <p>Session 5: Epidemiological use of registry data</p> <p>Moderators: xx</p> <p>Abstract 1: Stage-specific incidence and survival trends in non-small cell lung cancer over 2008-2020: a large French population-based study</p> <p>Abstract 2: The impact of lung cancer in Brazil</p> <p>Abstract 3: Epidemiological Trends Over The Main Hematologic Malignancies In An Insular Region Of Portugal – 25 Years Of Observation On Madeira Islands</p> <p>Abstract 4: Cancer incidence trends in young adults of the province of Granada, 1985-2018</p>
<p>18:15</p>	<p>Departure by bus to Social Dinner at “Tout un monde” restaurant</p>

08:00-08:45	Welcome coffee (coffee, tea, fruits, and croissants)
08:45-10:00	<p>Session 6: Other population-based studies</p> <p>Moderators: xx</p> <p>Abstract 1: Enhancing quality of information for Italian Childhood Cancer data: the BENCHISTA-IARC Project.</p> <p>Abstract 2: GEOGRAPHICAL SURVIVAL COMPARISON AND ESTIMATED LONG TERM SURVIVAL OUTCOMES OF PEDIATRIC CNS TUMORS FROM 31 EUROPEAN COUNTRIES – RESULTS FROM THE EUROCARE PROJECT</p> <p>Abstract 3: HEALTH CARE COSTS OF CANCER PATIENTS AT THE END OF LIFE: ESTIMATES FROM THE EPICOST-2 STUDY</p> <p>Abstract 4: Monitoring survival in Belgium following COVID-19: first observations 3 years later</p> <p>Abstract 5: The impact of the COVID-19 pandemic on cancer incidence in Switzerland - a study with population-based national cancer registry data</p> <p>Q&A</p>
10:00-10:20	Coffee break and posters visit
10:20-11:20	<p>Session 7: Cancer etiology</p> <p>Moderators: xx</p> <p>Abstract 1: Residential radon exposure and skin cancer in Switzerland - highlights from the PaRTERRE project</p> <p>Abstract 2: Cancer incidence in the vicinity of open landfills in Guadeloupe, French West Indies</p> <p>Abstract 3: Etiology of liver cancer in the Unites States: patterns of HCV-, HBV-, Alcohol-, NAFLD- hepatocellular carcinoma, and cholangiocarcinoma.</p> <p>Abstract 4: Breast cancer and pregnancy in the east coast of Spain</p>

	Q&A
11:20-12:10	<p>Session 8: Care and Cure</p> <p>Moderators: xx</p> <p>Abstract 1</p> <p>Synchronous and second primary cancers in newly diagnosed multiple myeloma non-transplant-eligible treated with lenalidomide</p> <p>Abstract2</p> <p>Adherence to clinical guidelines and time to treatment for women diagnosed with breast cancer during 2015-2018 in GRELL countries: the VENUSCANCER project</p> <p>Abstract 3</p> <p>Centralization Of Rectal Cancer Care (CENTRUM study): How Do Patients Survive In Reality and In Centralized Care Scenarios? Analysis of FRANCIM Registries Data</p>
12:10-12:30	<p>Presentation of the GRELL 2025</p> <p>Award for the best oral communication and poster for young researchers</p> <p>Meeting closing</p>
12:30-14:00	Standing lunch
