Data Linkage expands the scope of cancer registries: a deeper insight in cancer screening evaluation and other linkage with secondary data sources.

Workshop PROGRAMME – 15th May 2024

| | |
|---------------|---|
| 12:00 – 13:00 | Welcome standing lunch |
| 13:00 – 13:10 | <p>Welcoming words Claudine Backes, President of the GRELL and Luxembourg representative Patrick Arveux, GRELL Steering Committee Switzerland Representative & Vaud Cancer Registry, University Center for Primary Care and Public Health, Unisanté, Lausanne</p> |
| 13:10-14:10 | <p>Session I: Screening Moderator: Koen Van Herck, GRELL Steering Committee Belgium Representative</p> <p>Keynote I: André Carvalho, International Agency for Research on Cancer (IARC), Lyon “Cancer Screening at a Global Level: Challenges to gathering standardized quality data”</p> <p>Keynote II : Jean-Luc Bulliard, Unisanté, Lausanne “Roles and potentialities of cancer registries data in screening evaluation”</p> <p>Q&A</p> |
| 14:10-15:10 | <p>Screening evaluation</p> <p>Effectiveness of lung cancer screening using computed tomography: microsimulation modeling analysis in the French context Mélanie Bonneault, Patricia Delafosse, Arnaud Seigneurin</p> <p>Early-Onset Colorectal Cancer in Belgium: Watchful Waiting Sharon Janssens, Bart Van Gool, Nancy Van Damme, Liesbet Van Eycken, Julie Francart, Koen Van Herck</p> <p>Uterine cervix incidence and survival trends in South Portugal between 1998 and 2022. Overview evaluation and comparison analysis Alexandra Mayer-da-Silva, Cláudia Brito, António Lourenço, Working Group South Region</p> <p>Q&A</p> |
| 15:10 - 15:30 | Coffee Break and posters visit |
| 15:30 – 16:00 | <p>Session II: Other data linkage Moderators: Jean-Luc Bulliard & Koen Van Herck</p> <p>Keynote III: Prof. Marcel Zwahlen, Institute of Social and Preventive Medicine (ISPM), University of Bern, Bern “Record linkage to enrich available data. Is it as easy as we tend to think?”</p> <p>Q&A</p> |

| | |
|--------------|--|
| 16:00-17:00 | <p>Data linkage with other data sources (genomics, biobanks & socioeconomic)</p> <p>Inequalities in cancer: linking population-based cancer registry data to individual-level socio- economic and -demographic parameters in Belgium. Freija Verdoedt, Julie Verbeeck, Sylvie Gadeyne, Liesbet Van Eycken, Harlinde De Schutter</p> <p>Return to work after breast cancer: the RELIANCE-Breast Cancer study. Mounir Talbi, Mariana Barragán, Allini Mafra, Nicole Majery, Martine Georges, Claudine Backes</p> <p>Is hospital discharge database appropriated for collecting treatment information in a cancer registry? Exploratory study on childhood malignant astrocytomas Carmen Martos, Laura García, Laia Barrachina, Lucía Páramo, Berta Arribas, Anna Torró, Consol Sabater, Clara Caveró</p> <p>Q&A</p> |
| 17:00 -17:10 | <p>Closing</p> <p>Prof. Murielle Bochud, Co-Head of the Department of Epidemiology and Health Systems, Unisanté, Lausanne</p> |
| 17:10 | <p>Departure to the Olympic Museum</p> |
| 18:00-21:00 | <p>Visit of the Olympic Museum & welcome cocktail dinner</p> |

GRELL PROGRAMME- 16th May 2024

| | |
|-------------|---|
| 08:15-09:00 | <p>Welcome coffee</p> |
| 09:00-09:20 | <p>Opening words Claudine Backes, President of the GRELL and Luxembourg representative & Patrick Arveux, GRELL Steering Committee Switzerland Representative & Unisanté Chantal Diserens, Ligue vaudoise contre le cancer, Lausanne Sonia Modena, Ligue genevoise contre le cancer, Genève Katharina Staehelin, Director of the National Institute for Cancer Epidemiology and Registration (NICER), Switzerland</p> |
| 09:20-10:20 | <p>Session 1: Survival</p> <p>Moderators: Valérie Jooste, Treasurer of the GRELL and France representative & Sabine Rohrmann, Zurich, Zug, Schaffhausen and Schwyz Cancer Registry</p> <p>Estimating net survival and cure of patients with increased risk of death from other causes using EURO CARE-6 data Laura Botta, Riccardo Capocaccia, Alice Bernasconi, Silvia Rossi, Gemma Gatta, Anne-Marie Bouvier, Valerie Jooste, WG EURO CARE-6</p> <p>Contribution of tumour stage at diagnosis to international variation in population-level overall survival: first results of the Benchista project Angela Lopez-Cortes, Laura Botta, Fabio Didonè, Gemma Gatta, Kathy Pritchard-Jones</p> <p>Social inequalities, geographical accessibility, and excess mortality for patients with haematological malignancies in France results from French Cancer Registries Josephine Gardy, Xavier Troussard, Marc Maynadié, Alain Monnereau, Sébastien Orazio, Florence Molinié, Joséphine Bryère, Olivier Dejardin</p> <p>Global surveillance of cancer survival trends (CONCORD-4): future perspectives Claudia Allemani, Veronica Di Carlo, Fatima Khan, Melissa Matz, Pamela Minicozzi, Naomi Ssenyonga, Michel Coleman, CONCORD Working Group</p> |

| | |
|--------------------|--|
| | Q&A |
| 10:20-11:00 | Coffee break and posters visit |
| 11:00-12:00 | <p>Session 2 : Survival</p> <p>Moderators: Marcella Guevera , GRELL Steering Committee Spain Representative & Robin Schaffar, Geneva Cancer Registry</p> <p>Determinants of breast cancer survival at the Instituto Cancerológico de Nariño-Colombia, 2016-2020 Daniel Jurado, María Gabriela Paz, Eduardo Minuche, Silvia Paz</p> <p>Five-year net survival of myeloid neoplasms: A population-based study in Spain (2002-2016) Rafael Marcos-Gragera, Jan Trallero, Aina Romaguera-Palomé, Carmen Rodríguez-Oleaga, Araceli Alemán, Ana Vizcaíno, Pilar Gutiérrez, Marta De la Cruz</p> <p>Survival and recurrences of colon cancer in a population-based cohort study: role of sidedness of the primary tumor. Geneva, Switzerland Pauline Brindel, Elisabetta Rapiti, Evelyne Fournier, Pierre Chappuis, Simone Benhamou</p> <p>Dynamic of death hazard of breast cancer according to stage at diagnosis Marie Poiseuil, Solenne Delacour, Laurent Remonet, Florence Molinie, Network Francim</p> <p>Q&A</p> |
| 12:00-12:45 | General Assembly of the GRELL |
| 12:45-14:00 | Standing lunch and posters visit |
| 14:00-15:30 | <p>Session 3: Social inequalities and Cancer</p> <p>Moderators: Marià Carulla, GRELL Steering Committee Spain Representative & Elisabetta Rapiti, Geneva Cancer Registry</p> <p>Keynote IV: Prof. Carole Clair, Unisanté, Lausanne</p> <p>“Why do sex and gender matter in health and specifically in cancer?”</p> <p>Q&A</p> <p>Describe the relationship between the Gender Inequality Index and the male/female incidence rate ratio from international cancer registries data. Amalia Martinez, Léna Bonin, Pascale Grosclaude, Michelle Kelly-Irving, Cyrille Delpierre, Sébastien Lamy</p> <p>Health-Related Quality of life in long-term survivors of Non-Hodgkin Lymphoma: A French population-based study Stephane Wasse, Sandrine Dabakuyo-Yonli, Cedric Rossi, Jean-Marc Poncet, Sebastien Orazio, Alain Monnereau, Xavier Troussard, Marc Maynadie</p> <p>Socioeconomic deprivation and invasive breast cancer incidence by stage at diagnosis: a possible explanation to the breast cancer social paradox Giulio Borghi, Claire Delacôte, Solenne Delacour-Billon, Sandrine Tienhan Dabakuyo, Patricia Delafosse, Anne-Sophie Woronoff, Brigitte Tretarre, Anne Cowppli-Bony</p> <p>Socio-Economic Inequalities in Adherence to Clinical Practice Guidelines and Breast Cancer Survival in Spain Dafina Petrova, Daniel Redondo Sánchez, Miguel Rodríguez-Barranco, Marià Carulla, Marcela Guevara, Rafael Marcos-Gragera, et al., Maria-José Sánchez</p> <p>Q&A</p> |

| | |
|-------------|---|
| 15:30-16:00 | Coffee break and posters visit |
| 16:00-17:00 | <p>Session 4: Epidemiological use of registry data</p> <p>Moderators: Andrea Bordoni, GRELL Steering Committee Switzerland Representative & Lorenzo Righi, Unisanté</p> <p>Validation of Rectosigmoid junction tumors site registration in Tarragona Cancer Registry Marià Carulla, Ricard Sales, Alberto Ameijide, Laia Llauradó, Aina Ratés, Sandra Mateu, Cristina Miracle, Jaume Galceran</p> <p>Cancer incidence trends in young adults of the province of Granada, 1985-2018 Daniel Redondo-Sánchez, Dafina Petrova, Óscar Mendoza-García, Nicolás Francisco Fernández-Martínez, Blanca Madrid Pérez-Esparza, Encarna González-Flores, Pablo Fernández-Navarro, María-José Sánchez</p> <p>The risk of second primary cancer after a first primary cancer: a population-based study in Switzerland Lea Wildisen, Eleftheria Michalopoulou, Matthias Lorez, Shelagh Redmond, Claudia Kuehni, Ben Spycher, Ursula M Kuehnel, Katharina Staehelin</p> <p>A Martinique-Cuba pilot comparative study in the projections and indicators for cancers in the Caribbean Remi Houpert, Yaima Galan, Jacqueline Veronique-Baudin, Leticia Fernandez, Clarisse Joachim</p> <p>Q&A</p> |
| 17:00-18:00 | <p>Session 5: Epidemiological use of registry data</p> <p>Moderators: : Andrea Bordoni, GRELL Steering Committee Switzerland Representative & Lorenzo Righi, Unisanté</p> <p>Stage-specific incidence and survival trends in non-small cell lung cancer over 2008-2020: a large French population-based study Nolwenn Le Stang, Alexandre Quillet, Thomas Systchenko, Nicolas Meriau, Nicolas Isambert, Gautier Defosse</p> <p>Epidemiological Trends Over The Main Hematologic Malignancies In An Insular Region Of Portugal – 25 Years Of Observation On Madeira Islands Pedro Berenguer, Cláudia Fraga, Sara Müller, Patricia Serrão, Michelle Cordeiro, Marlene Pires, Carlos Lima, Carolina Camacho</p> <p>The impact of lung cancer in Brazil Alfredo Scaff, Rejane Reis, Fernanda Lima, Darlan Silva</p> <p>Health care costs of cancer patients at the end of life: estimates from the EPICOST-2 study Silvia Francisci, Alessandra Andreotti, Alberto Gagliani, Silvia Gori, Stefano Guzzinati, Sandra Mallone, Daniela Pierannunzio, Andrea Tavilla</p> <p>Q&A</p> |
| 18:15 | Departure by bus to Social Dinner at “Tout un monde” restaurant, Grandvaux |

GRELL PROGRAMME - 17th May 2024

| | |
|--------------------|---|
| 08:00-08:45 | Welcome coffee |
| 08:45-10:00 | <p>Session 6: Other population-based studies</p> <p>Moderators: Alexandra Mayer-da-Silva, GRELL Steering Committee Portugal representative & Jean-Luc Bulliard, Unisanté</p> <p>Enhancing quality of information for Italian Childhood Cancer data: the BENCHISTA-AIRC Project. Fabio Didonè, Laura Botta, Andrea Tittarelli, Claudio Tresoldi, Martina Fragola, Ricardo Haupt, Gemma Gatta, PMT and the BENCHISTA</p> <p>Progression of bladder cancer: a population-based study in Tarragona, Spain Laia Llauradó, Marià Carulla, Araceli Jiménez, Sheila García, Lydia Díaz, Jàmnic Bigorra, Xavier Collado Jaume Galceran</p> <p>Geographical survival comparison and estimated long term survival outcomes of pediatric CNS tumors from 31 European countries – results from the Eurocare Project Raoull Hoogendijk, Ricardo Capocaccia, Jasper van der Lugt, Mariëtte Kranendonk, Otto Visser, Dannis van Vuurden, Gemma Gatta, Henrike Karim-Kos</p> <p>Monitoring survival in Belgium following COVID-19: first observations 3 years later Tim Tambuyzer, Bart Van Gool, Liesbet Van Eycken, Harlinde De Schutter</p> <p>The impact of the COVID-19 pandemic on cancer incidence in Switzerland - a study with population-based national cancer registry data Lea Wildisen, Dominik Menges, Luzius Mader, Flurina Suter, Sabine Rohrmann, Matthias Lorez, Jean-Luc Bulliard, Katharina Staehelin</p> <p>Q&A</p> |
| 10:00-10:20 | Coffee break and posters visit |
| 10:20-11:20 | <p>Session 7: Cancer etiology</p> <p>Moderators: Antonia Sánchez Gil, GRELL Steering Committee Spain representative & Isabelle Konzelmann, Valais Cancer Registry</p> <p>Residential radon exposure and skin cancer in Switzerland - highlights from the PaTERRE project Danielle Vienneau, Seckin Boz Seçkin, Marcel Zwahlen, Murielle Bochud, Jean-Luc Bulliard, Martin Rösli,</p> <p>Cancer incidence in the vicinity of open landfills in Guadeloupe, French West Indies Bernard Bhakkan-Mambir, Danièle Luce, Jacqueline Deloumeaux</p> <p>Etiology of liver cancer in the Unites States: patterns of HCV-, HBV-, Alcohol-, NAFLD- hepatocellular carcinoma, and cholangiocarcinoma. Paulo S Pinheiro, Hannah M Cranford, Tulay Koru-Sengul, Patricia D Jones</p> <p>Breast cancer and pregnancy in the east coast of Spain Clara Caveró-Carbonell, Laia Barrachina-Bonet, Laura García-Villodre, Lucia Páramo-Rodríguez, Berta Arribas-Díaz, Anna Torró-Gómez, Ana Vizcaíno Batllés, Carmen Martos-Jiménez</p> |

| | |
|--------------------|--|
| | Q&A |
| 11:20-12:10 | <p>Session 8: Care and Cure</p> <p>Moderators: Claudine Backes & Patrick Arveux</p> <p>Synchronous and second primary cancers in newly diagnosed multiple myeloma non-transplant-eligible treated with lenalidomide Thomas Systchenko, Laly Nsiala, Xavier Leleu, Gautier Defossez</p> <p>Adherence to clinical guidelines and time to treatment for women diagnosed with breast cancer during 2015-2018 in GRELL countries: the VENUSCANCER project. Veronica Di Carlo, Pamela Minicozzi, Claudia Allemani, VENUSCANCER Working Group</p> <p>Centralization Of Rectal Cancer Care (CENTRUM study): How Do Patients Survive In Reality and In Centralized Care Scenarios? Analysis of FRANCIM Registries Data Raphaël Fenni, Sébastien Lamy, Nadège Costa, Michael Mounié, Pascale Grosclaude, Laetitia Daubisse-Marliac</p> <p>Q&A</p> |
| 12:10-12:30 | <p>Award for the best oral communication and poster for young researchers</p> <p>Meeting closing</p> |
| 12:30-14:00 | Standing lunch |

 **ligue contre le cancer**

Le cancer se fiche de savoir qui tu es. Mais nous, non.

C'est pourquoi nous aidons les personnes atteintes et leurs proches à vivre avec le cancer: nous les informons, soutenons et accompagnons.

Aide-nous à aider.
