## RESEARCH PROJECTS

- Researcher (2010-Current) –“Cancer Registry of Pasto”, in spanish “Registro Poblacional de Cáncer del Municipio de Pasto”. Funded by: Universidad de Nariño, Instituto Nacional de Cancerología de Colombia y la Secretaría Municipal de Salud Pasto. I support the management and monitoring of activities, preparation, analysis and publication of information in scientific articles, books, presentations, as well as in multicenter publications of the International Agency for Research on Cancer-IARC (CI5 vol X and XI, Childhood cancer), the London School of Hygiene and Tropical Medicine-LSHTM (CONCORD II and III) and the National Cancer Institute of Colombia. I also contribute to participation in research networks (International Association of Cancer Registries, CONCORD working group, Global initiative for cancer Registration GICR, National network of Cancer Registries of Colombia)

- Member of CONCORD working group (2011-Current) – “Global surveillance of cancer survival, CONCORD study II and III”, funded by London School of Hygiene and Tropical Medicine and others. I participate in the management, preparation, analysis and publication of information of Cancer Registry of Pasto-Colombia
- Researcher (2020-Current), “Use of genetic and immunological markers, reproductive and anthropometric factors and mammographic density for the development of risk prediction models in order to improve the early detection and survival of breast cancer in Colombian women”. Funded by Universidad de Antioquia, Ministerio de Ciencia, Tecnología e Innovación of Colombia and others. I am in charge of statistical analyzes and participate in the writing of the scientific articles.
- Lead researcher (2021-Current) – “Institutional Cancer Registry”. Funded by; Instituto Cancerológico de Nariño. I participate in the management, preparation, analysis and publication of information
- Lead researcher (2014-2016) - “Socio-economic determinants of cervical cancer survival: study of a causal model” funded by Universidad de Nariño. I participated in the management, preparation, analysis and publication of information. The results were recognized by the international Enrico Anglesio award in 2016
- Lead research (2014-Actual) - “Impact of treatments of breast and cervical cancer survival in Pasto, Colombia 1998-2010” funded by Universidad de Nariño. I participate in the management, preparation, analysis and publication of information
- Lead researcher (2015-2019) - “Occupational cancer in informal workers, Nariño, Colombia: a cohort study”. Funded by: Universidad de Nariño. I participated in the preparation, analysis and publication of information
- Researcher (2014-2018) – “Cancer survival in Cali, Manizales and Pasto Colombia” funded by: Instituto Nacional de Cancerología de Colombia, Universidad de Nariño and others. I participated in the preparation, analysis and publication of information
- International researcher partner (2014-2019) - “Economics of Cancer Registries: The cost to sustain and improve registries for future health planning”. Funded by: CDC of Atlanta, Universidad de Nariño y el Instituto Nacional de Cancerología de Colombia. I participated in the preparation, analysis and publication of information
- Research partner (2013-2018) – “Socio-economic disparities in cancer in Colombia, including effects on health insurance: opening the door of social epidemiology and health policies studies in the field of non-communicable diseases in Latino America”. Funded by: Rotterdam Global Health Initiative, Erasmus MC, Rotterdam, International Agency of Research on Cancer (IARC) and others. I participated in the preparation, analysis and publication of information
- Research (2008-2016) - “Genetic analysis of colorectal cancer in patients from Nariño-Colombia”. Funded by: CANCER RESEARCH UK y la Universidad de Nariño. I participated in the preparation, analysis and publication of information
- Lead Research (2008-2009) - “Distribution of colorectal cancer and its relationship with risk factors in the municipality of Pasto 2004-2008”. Funded by: Universidad de Nariño. I participated in the preparation, analysis and publication of information
